Temporary Suspension of New Registrations

We have taken the difficult decision to temporarily close our list to those wishing to register with the practice.

Patient safety is of paramount importance and we believe, currently, that additional patients would jeopardise our ability to provide safe care for our registered patients, or to carry out our contractual obligations to meet our patients' core clinical needs.

This does not include first-degree relatives in the same household of patients currently registered with the practice, or new-born babies of registered mothers.

Currently the Coppice and Angmering Surgery are accepting new registrations, and if you are resident in Rustington, Westcourt Surgery are accepting new registrations.

If you require assistance with registering, please call the GP Allocation Team / Coastal West Sussex CCG on 01903 708585.
